

Goals

Inspiring Sustainability: Fueled by the warmth of innovation, our goal is to lead the market in producing coconut charcoal briquettes, providing an eco-friendly alternative for a greener future. Together, we strive to kindle not just flames but a conscious commitment to environmental responsibility.

About Us

Our company is a producer of premium coconut charcoal briquettes dedicated to excellence in every ember. With a passion for sustainability, we specialize in crafting high-quality briquettes that not only ignite superior BBQ but also fuel global export markets. Committed to environmental responsibility, we take pride in delivering a natural and eco-friendly grilling solution. Join us in embracing a world where the flame of quality meets the warmth of sustainability. Let's redefine grilling, one coconut briquette at a time.

Our Product

Coconut Shell Charcoal

- BBQ Charcoal Briquettes
- Shisha Charcoal Briquettes

Long Lasting: Coconut charcoal briquettes outlast others, ensuring extended effectiveness.

High Heat Output: Burns hotter and longer for efficient grilling.

Smokeless & Odor-Free: Coconut charcoal briquettes burn without producing smoke or odors.

Low Ash Production: Minimizes ash, simplifying cleanup.
